In this edition, we highlight North Carolina Reentry Programs and their Successful Efforts to Help Connect Justice-Involved Individuals to Employment and Training Opportunities.

North Carolina employers are invited to join us virtually for a panel discussion with experts from Project Reentry, CharlotteWorks, Fierce Fellows, Operation Gateway, and others to learn more about the benefits to "second chance" hiring, the resources available, employer/employee success stories, myths, barriers, and how to find these skilled workers.

Space is limited! To receive a link to this **free** event, send an email with your name, business, and contact information to **ncworks_webinars@commerce.nc.gov** by Friday, March 15.
