## I. SUMMARY

The North Carolina SBIR/STTR Phase I Matching Funds Program (the “NC SBIR/STTR Matching Funds Program”) is designed to award matching funds to North Carolina firms who have been awarded a Small Business Innovation Research Program or Small Business Technology Transfer Program (the “Federal SBIR/STTR Program”) Phase I award. Companies compete for funding under this program by submitting proposals in response to solicitations issued by participating Federal agencies.

The Federal SBIR/STTR Program provides for funding competitions in two phases that are relevant to the North Carolina program: **Phase I** - to conduct feasibility research (typically, these awards do not exceed \$100,000); and **Phase II** - to expand and develop Phase I results and develop commercially viable innovations (typically Phase II awards do not exceed \$750,000). More information about the Federal SBIR/STTR Program may be found at: [www.sbirworld.com](http://www.sbirworld.com).

The North Carolina Board of Science and Technology (the “Board”), a division of the North Carolina Department of Commerce, through its Executive Director, administers the NC SBIR/STTR Matching Funds Program in the manner set forth in Guidelines for the One North Carolina Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Phase I Matching Funds Program. **These Guidelines are published on the Board’s website at: <http://www.ncscienceandtechnology.com>, and are incorporated into this Solicitation as Exhibit E. Terms not otherwise defined herein have the meaning set forth in the Guidelines.**

## **VIII. REPORTING REQUIREMENTS**

Recipients are responsible for managing the day-to-day operations of their Match Award-supported activities using their established controls and policies, as long as they are consistent with State and Federal requirements.

This active monitoring is accomplished through review of reports and correspondence from Recipients and other information available to the Board.

All Recipients must submit electronically via *sciGrants*:

(b) The public records and public information compiled by the agencies of North Carolina government or its subdivisions are the property of the people. . .

###### **§ 132-1.1. State tax information**

(b) **State and Local Tax Information.** – Tax information may not be disclosed except as provided in G.S. 105-259. As used in this subsection, "tax information" has the same meaning as in G.S. 105-259. Local tax records that contain information about a taxpayer's income or receipts may not be disclosed except as provided in G.S. 153A-148.1 and G.S. 160A-208.1.

###### **§ 132-1.2. Confidential information.**

Nothing in this Chapter shall be construed to require or authorize a public agency or its subdivision to disclose any information that:

  - a. Constitutes a "trade secret" as defined in G.S. 66-152(3).
  - b. Is the property of a private "person" as defined in G.S. 66-152(2).
  - c. **§ 132-1.8. Economic development incentives**

(a) **Assumptions and Methodologies.** – Subject to the provisions of this Chapter regarding confidential information and the withholding of public records relating to the proposed expansion or location of specific business or industrial projects when the release of those records would frustrate the purpose for which they were created, whenever a public agency or its subdivision performs a cost-benefit analysis or similar assessment with respect to economic development incentives offered to a specific business or industrial project, the agency or its subdivision must describe in detail the assumptions and methodologies used in completing the analysis or assessment. This description is a public record and is subject to all provisions of this Chapter and other law regarding public records.

(c) No request to inspect, examine, or obtain copies of public records shall be denied on the grounds that confidential information is commingled with the requested nonconfidential information. If it is necessary to separate confidential from nonconfidential information in order to permit the inspection, examination, or copying of the public records, the public agency shall bear the cost of such separation. . .

(d) Notwithstanding the provisions of subsections (a) and (b) of this section, public records relating to the proposed expansion or location of specific business or industrial projects may be withheld so long as their inspection, examination or copying would frustrate the purpose for which such public records were created; provided, however, that nothing herein shall be construed to permit the withholding of public records relating to general economic development policies or activities.

Once the State, a local government, or the specific business has announced a commitment by the business to expand or locate a specific project in this State or a final decision not to do so and the business has communicated that commitment or decision to the State or local government agency involved with the project, the provisions of this subsection allowing public records to be withheld by the agency no longer apply.

Once the provisions of this subsection no longer apply, the agency shall disclose as soon as practicable, and within 25 business days, public records requested for the announced project that are not otherwise made confidential by law.

An announcement that a business or industrial project has committed to expand or locate in the State shall not require disclosure of local government records relating to the project if the business has not selected a specific location within the State for the project. Once a specific location for the project has been determined, local government records must be disclosed, upon request, in accordance with the provisions of this section. For purposes of this section, "local government records" include records maintained by the State that relate to a local government's efforts to attract the project."

**§ 132-9. Access to records**

(b) In an action to compel disclosure of public records which have been withheld pursuant to the provisions of G.S. 132-6 concerning public records relating to the proposed expansion or location of particular businesses and industrial projects, the burden shall be on the custodian withholding the records to show that disclosure would frustrate the purpose of attracting that particular business or industrial project.

#### § 105-243.1. Collection of tax debts.

(a) Definitions. – The following definitions apply in this section:

- (1) Overdue tax debt. – Any part of a tax debt that remains unpaid 90 days or more after the notice of final assessment was mailed to the taxpayer. The term does not include a tax debt, however, if the taxpayer entered into an installment agreement for the tax debt under G.S. 105-237 within 90 days after the notice of final assessment was mailed and has not failed to make any payments due under the installment agreement.
- (2) Tax debt. – The total amount of tax, penalty, and interest due for which a notice of final assessment has been mailed to a taxpayer after the taxpayer no longer has the right to contest the debt.

(b) **(Effective until October 1, 2005)** Outsourcing. – The Secretary may contract for the collection of tax debts. At least 30 days before the Department submits a tax debt to a contractor for collection, the Department must notify the taxpayer by mail that the debt may be submitted for collection if payment is not received within 30 days after the notice was mailed.

(b) **(Effective October 1, 2005)** Outsourcing. – The Secretary may contract for the collection of tax debts owed by nonresidents and foreign entities. At least 30 days before the Department submits a tax debt to a contractor for collection, the Department must notify the taxpayer by mail that the debt may be submitted for collection if payment is not received within 30 days after the notice was mailed.

(c) Secrecy. – A contract for the collection of tax debts is conditioned on compliance with G.S. 105-259. If a contractor violates G.S. 105-259, the contract is terminated, and the Secretary must notify the contractor of the termination. A contractor whose contract is terminated for violation of G.S. 105-259 is not eligible for an award of another contract under this section for a period of five years from the termination. These sanctions are in addition to the criminal penalties set out in G.S. 105-259.

In order to impose a collection assistance fee on a tax debt, the Department must notify the taxpayer that the fee will be imposed if the tax debt is not paid in full within 30 days after the date the fee notice was mailed to the taxpayer. The Department may not mail the fee notice earlier than 60 days after the notice of final assessment for the tax debt was mailed to the taxpayer. The fee is collectible as part of the debt. The Secretary may waive the fee pursuant to G.S. 105-237 to the same extent as if it were a penalty.

The amount of the collection assistance fee is twenty percent (20%) of the amount of the overdue tax debt. If a taxpayer pays only part of an overdue tax debt, the payment is credited proportionally to fee revenue and tax revenue.

(e) Use. – The fee is a receipt of the Department and must be applied to the costs of collecting overdue tax debts. The proceeds of the fee must be credited to a special account within the Department and may be expended only as provided in this subsection. The proceeds of the fee may not be used for any purpose that is not directly and primarily related to collecting overdue tax debts. The Department may apply the proceeds of the fee for the purposes listed in this subsection. The remaining proceeds of the fee may be spent only pursuant to appropriation by the General Assembly. - Consultative or consumer relationship with:

a member of the Board of Directors/Trustees or an employee where one or the other has supervisory authority over the other or with a client who receives services. The definition of conflict of interest includes any bias or the appearance of bias in a decision-making process that would reflect a dual role played by a member of the organization or group. An example, for instance, might involve a person who is an employee and a Board member, or a person who is an employee and who hires family members as consultants.

It is in the interest of the organization, individual staff and Board members to strengthen trust and confidence in each other, to expedite resolution of problems, to mitigate the effect and to minimize organizational and individual stress that can be caused by a conflict of interest.

The appearance of a conflict of interest can cause embarrassment to the organization and jeopardize the credibility of the organization. Any conflict of interest, potential conflict of interest, or the appearance of a conflict of interest is to be reported to your supervisor immediately. Employees are to maintain independence and objectivity with clients, the community, and organization. Employees are called to maintain a sense of fairness, civility, ethics and personal integrity even though law, regulation or custom does not require them.

Employees, members of employee's immediate family, and members of the Board are prohibited from accepting gifts, money or gratuities from the following:

- a. Persons receiving benefits or services from the organization;
- b. Any person or organization performing or seeking to perform services under contract with the organization; and
- c. Persons who are otherwise in a position to benefit from the actions of any employee of the organization.

If the employee is acting in any official capacity, honoraria received by an employee in connection with activities relating to employment with the organization are to be paid to the organization.

## Exhibit E – Program Guidelines

### The North Carolina Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Phase I Matching Funds Program Guidelines

A. **PROGRAM SUMMARY.** The North Carolina SBIR/STTR Phase I Matching Funds Program (the “Match Program”) is designed to award matching funds to North Carolina firms who have been awarded a Small Business Innovation Research Program or Small Business Technology Transfer Program (the “Federal SBIR/STTR Program”) Phase I award.

The Federal SBIR/STTR Program is administered by 11 Federal agencies for the purpose of providing research and development funding to small companies. Companies compete for funding under this program by submitting proposals in response to solicitations issued by participating Federal agencies.

The Federal SBIR/STTR Program provides for funding competitions in two phases that are relevant to the North Carolina program: **Phase I** - to conduct feasibility research; and **Phase II** - to expand and develop Phase I results and develop commercially viable innovations. The Federal SBIR/STTR Program also includes **Phase III** provision that provides commercialization support for the product or process developed in Phase II. More information about the Federal SBIR/STTR Program may be found at: [www.sbirworld.com](http://www.sbirworld.com).

The North Carolina Board of Science and Technology (the “Board”), a division of the North Carolina Department of Commerce, through its Executive Director, administers the Match Program in the manner set forth in these Guidelines for the One North Carolina Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Phase I Matching Funds Program (the “Guidelines”).

Companies apply for funding under the Match Program by submitting an Application in response to a solicitation (a “Match Solicitation”) developed and issued by the Board. Under the Match Program, a qualified business may receive one (1) SBIR/STTR Phase I Matching Funds Award (either an SBIR or an STTR Phase I award, a “Match Award”) during a Match Solicitation period. The Board, based upon the availability of funds, sets the available Match Award amounts and the dates during which proposals may be submitted.

Under the Match Program, the Board will review Applications, on a rolling, first-come, first-serve basis, through the end of a Match Solicitation Period, or until the funds available for the Match Program have been exhausted. Awards will be made for up to 100% of a firm’s Federal SBIR/STTR Program award, up to the maximum amount of \$100,000 (as set by the relevant Match Solicitation), through the end of a Match Solicitation Period, or until the funds available for the Match Program have been exhausted.

Applicants who receive Match Awards will receive 75% of the award amount upon receipt of an SBIR/STTR Phase I award, and will receive the additional 25% of the award, if and only if, the Phase I report is accepted by the funding agency *and* the Applicant submits the related Phase II application to the funding agency. Federal “Fast Track” SBIR/STTR Phase I Program Awards are also eligible under this program (see Section M of these Guidelines for specific information about Fast Track).

**B. STATUTORY AUTHORITY AND AMENDMENT.** These Guidelines apply to funds appropriated or otherwise deposited, granted or allocated to the One North Carolina Small Business Account to be used for the SBIR/STTR Incentive and Matching Funds Program established pursuant to §143B-437.71(c) of the North Carolina General Statutes. The Match Program is established pursuant to N.C. Gen. Stat. § 143B-437.81. These Guidelines may be amended from time to time, using the same procedures set forth in N.C. Gen. Stat. §143B-437.82.

**C. PROGRAM PURPOSE.** The purpose of the Match Program is to foster job creation and economic development in North Carolina by increasing the competitive position of North Carolina small businesses in attracting SBIR and STTR grant funding, and provide an incentive for Phase I award-winning firms to participate in the more substantial Phase II program. The goals of the Match Program are to:

2. Help North Carolina companies bridge the funding gap period between the final Phase I payment and the first Phase II payment in the Federal SBIR/STTR Program;
