I. SUMMARY

The North Carolina SBIR/STTR Phase I Incentive Funds Program (the “Incentive Program”) is designed to reimburse qualified North Carolina (“the State”) firms for a portion of the costs incurred in preparing and submitting Phase I Proposals to the Federal Small Business Innovation Research Program and Small Business Technology Transfer Program (the “Federal SBIR/STTR Program”), in response to solicitations issued by participating Federal agencies. Phase I of the Federal SBIR/STTR Program (“Phase I”) provides grants to conduct feasibility research in areas specified in the corresponding Federal solicitation.

The purpose of the Incentive Program is to foster job creation and economic development throughout North Carolina by encouraging North Carolina small businesses to compete for Federal SBIR and STTR awards. *The goal of the Incentive Program is to increase the number and quality of North Carolina applications for Federal SBIR and STTR Phase I awards—particularly from a diverse pool of applicant businesses and from businesses in economically distressed counties in the State—and to increase the number and quality of applications to federal agencies from which the State is significantly underrepresented in Phase I awards (e.g., Department of Defense).*

The North Carolina Board of Science, Technology & Innovation (the “Board”), administered by the North Carolina Department of Commerce, through its Executive Director, administers the Incentive Program in the manner set forth in Guidelines for the One North Carolina Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Phase I Incentive Funds Program (the “Guidelines”). Terms not otherwise defined herein have the meaning set forth in the Guidelines.

II. ELIGIBILITY & LIMITATIONS ON AWARDS

An Applicant must satisfy the eligibility requirements and is subject to the limitations set forth in the [Guidelines](#) and in this Solicitation.

Applicants are strongly encouraged to read and understand the governing documents as related to this Solicitation to determine if they are eligible to submit an Application.

Due to limitation of funding, the Board has imposed additional restrictions, as allowed by the Guidelines. An Applicant may receive no more than one (1) Incentive Award during the period covered by this Incentive Solicitation, and no more than a total of ten (10) Incentive Awards over its lifetime.¹

Special Provisions on STTR Awards: Per Section F of the Guidelines, the Board will consider for reimbursement under the Incentive Program only the fraction of the expenses directly incurred by the Small Business Applicant in a collaboration, up to the limits established in this Incentive Solicitation.

III. AWARD STRUCTURE; MILESTONES

1. Applications will be considered and funds awarded, as established in the Guidelines, through the end of this Incentive Solicitation Period or until the funds available under this Incentive Solicitation have been exhausted.
2. Subject to satisfaction of all other requirements, Incentive Awards will be disbursed upon proof of receipt of a qualifying Phase I Proposal submission to a participating Federal agency, as described in the Guidelines.
3. So long as funds remain available, for each approved Application, qualified applicants will be reimbursed for a portion of the costs incurred in preparing a Federal SBIR/STTR Program Phase I proposal, up to a maximum of \$12,000:

The maximum percentage for reimbursements are: 75% for an eligible business located in a Development Tier 1 or 2 county, and 50% for an eligible business located in a Tier 3 county, as defined by the N.C. Department of Commerce (2023 County Tier Designations).²

VII. GRANT AGREEMENT & PAYMENT OF AWARDS

The North Carolina Office of State Budget and Management (OSBM) has established specific performance and reporting requirements governing the way State grants are to be made to and accounted for by Recipients. These requirements are incorporated in the Grant Application and Agreement generated by the *CyberGrants* system and must be executed by the Recipient prior to receiving a disbursement under this Incentive Program. Once an Application is complete and an Incentive Award has been approved, the State of North Carolina will issue Incentive Program grant payments to Recipients electronically. Payments will be deposited into the checking or savings account of the Recipient's choice, as indicated on the Recipient's Vendor Electronic Payment Form, submitted as part of the Application. (Note: if this is the first state payment received by the Applicant, payment *may* be a mailed paper check).

VIII. REPORTING REQUIREMENTS

To fulfill its role regarding the stewardship of State funds, the Board monitors its grants to identify potential problems and areas where assistance might be necessary. This active monitoring is accomplished through review of reports and correspondence from Recipients and other information available to the Board. Recipients are required to submit any additional documents requested by the Board in order for the Board to monitor compliance with the Incentive Program.

All Recipients that receive, use, or expend an Incentive Award within the Recipient's fiscal year must comply with all applicable State Grant Compliance Reporting Requirements as described in **Appendix A**. Additionally,

all Recipients must submit a **Final Report** electronically via *CyberGrants* in the form and manner described in **Appendix B**, within thirty (30) days of notification of a Federal Phase I contract award or denial.

This certification is a representation by management and is not intended to be an independent assessment.

The Office of the State Auditor, in coordination with the Office of State Budget and Management and other key State agencies, has developed standard reporting formats for meeting the reporting requirements outlined in N.C.G.S. Chapter 143C, Part 3 and Title 9, Subchapter 3M of the North Carolina Administrative Code. There are no exceptions to using the financial reporting formats specified by the State Auditor.

The standard reporting formats for grantees receiving at least \$25,000 but less than \$500,000 include:

- Certification and sworn statement by the Treasurer and a second authorized officer on the entity's letterhead;

Provisions of N.C. General Statutes Addressing Public Records, Confidential Information, and Economic Development Projects

§ 132-1. "Public records" defined

(a) "Public record" or "public records" shall mean all documents, papers, letters, maps, books, photographs, films, sound recordings, magnetic or other tapes, electronic data-processing records, artifacts, or other documentary material, regardless of physical form or characteristics, made or received pursuant to law or ordinance in connection with the transaction of public business by any agency of North Carolina government or its subdivisions. (b) The public records and public information compiled by the agencies of North Carolina government or its subdivisions are the property of the people. Therefore, it is the policy of this State that the people may obtain copies of their public records and public information free or at minimal cost unless otherwise specifically provided by law. As used herein, "minimal cost" shall mean the actual cost of reproducing the public record or public information.

§ 132-1.1. State tax information

....

(b) **State and Local Tax Information.** – Tax information may not be disclosed except as provided in G.S. 105-259. As used in this subsection, "tax information" has the same meaning as in G.S. 105-259. Local tax records that contain information about a taxpayer's income or receipts may not be disclosed except as provided in G.S. 153A-148.1 and G.S. 160A-208.1.

....

§ 132-1.2. Confidential information.

Nothing in this Chapter shall be construed to require or authorize a public agency or its subdivision to disclose any information that:

- (1) Meets all of the following conditions:
 - a. Constitutes a "trade secret" as defined in G.S. 66-152(3).
 - b. Is the property of a private "person" as defined in G.S. 66-152(2).
 - c.  - d. Is designated or indicated as "confidential" or as a "trade secret" at the time of its initial disclosure to the public agency.

....

§ 66-152. Definitions

As used in this Article, unless the context requires otherwise:

....

- (2) "Person" means an individual, corporation, government, governmental subdivision or agency, business trust, estate, trust, partnership, association, joint venture, or any other legal or commercial entity.
- (3) "Trade secret" means business or technical information, including but not limited to a formula, pattern, program, device, compilation of information, method, technique, or process that:
 - a. Derives independent actual or potential commercial value from not being generally known or readily ascertainable through independent development or reverse engineering by persons who can obtain economic value from its disclosure or use; and
 - b. Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

The existence of a trade secret shall not be negated merely because the information comprising the trade secret has also been developed, used, or owned independently by more than one person, or licensed to other persons.

§ 132-1.11. Economic development incentives

- (a) Assumptions and Methodologies. - Subject to the provisions of this Chapter regarding confidential information and the withholding of public records relating to the proposed expansion or location of specific business or industrial projects when the release of those records would frustrate the purpose for which they were created, whenever a public agency or its subdivision performs a cost-benefit analysis or similar assessment with respect to economic development incentives offered to a specific business or industrial project, the agency or its subdivision must describe in detail the assumptions and methodologies used in completing the analysis or assessment. This description is a public record and is subject to all provisions of this Chapter and other law regarding public records.
- (b) Disclosure of Public Records Requirements. - Whenever an agency or its subdivision first proposes, negotiates, or accepts an application for economic development incentives with respect to a specific industrial or business project, the agency or subdivision must disclose that any information obtained by the agency or subdivision is subject to laws regarding disclosure of public records. In addition, the agency or subdivision must fully and accurately describe the instances in which confidential information may be withheld from disclosure, the types of information that qualify as confidential information, and the methods for ensuring that confidential information is not disclosed.

§ 132-6. Inspection, examination and copies of public records.

- (a) Every custodian of public records shall permit any record in the custodian's custody to be inspected and examined at reasonable times and under reasonable supervision by any person, and shall, as promptly as possible, furnish copies thereof upon payment of any fees as may be prescribed by law. As used herein, "custodian" does not mean an agency that holds the public records of other agencies solely for purposes of storage or safekeeping or solely to provide data processing.
 - (a1) A public agency or custodian may satisfy the requirements in subsection (a) of this section by making public records available online in a format that allows a person to view the public record and print or save the public record to obtain a copy. If the public agency or custodian maintains public records online in a format that allows a person to view and print or save the public records to obtain a copy, the public agency or custodian is not required to provide copies to these public records in any other way.
- (b) No person requesting to inspect and examine public records, or to obtain copies thereof, shall be required to disclose the purpose or motive for the request.
- (c) No request to inspect, examine, or obtain copies of public records shall be denied on the grounds that confidential information is commingled with the requested nonconfidential information. If it is necessary to separate confidential from nonconfidential information in order to permit the inspection, examination, or copying of the public records, the public agency shall bear the cost of such separation.
- (d) Notwithstanding the provisions of subsections (a) and (b) of this section, public records relating to the proposed expansion or location of specific business or industrial projects may be withheld so long as their inspection, examination or copying would frustrate the purpose for which such public records were created; provided, however, that nothing herein shall be construed to permit the withholding of public records relating to general economic development policies or activities. Once the State, a local government, or the specific business has announced a commitment by the business to expand or locate a specific project in this

One NC SBIR/STTR Phase I Incentive Funds Program – FY 2022-2023 Solicitation

State or the business has made a final decision not to do so, of which the State or local government agency involved with the project knows or should know, the provisions of this subsection allowing public records to be withheld by the agency no longer apply. Once the provisions of this subsection no longer apply, the agency shall disclose as soon as practicable, and within 25 business days, public records requested for the announced project that are not otherwise made confidential by law. An announcement that a business or industrial project has committed to expand or locate in the State shall not require disclosure of local government records relating to the project if the business has not selected a specific location within the State for the project. Once a specific location for the project has been determined, local government records must be disclosed, upon request, in accordance with the provisions of this section. For purposes of this section, "local government records" include records maintained by the State that relate to a local government's efforts to attract the project.

Records relating to the proposed expansion or location of specific business or industrial projects that are in the custody of the Department of Commerce or an entity with which the Department contracts pursuant to G.S. 143B-431.01 shall be treated as follows:

- (1) Unless controlled by another subdivision of this subsection, the records may be withheld if their inspection, examination, or copying would frustrate the purpose for which the records were created.
 - (2) If no discretionary incentives pursuant to Chapter 143B of the General Statutes are requested for a project and if the specific business decides to expand or locate the project in the State, then the records relating to the project shall not be disclosed.
 - (3) If the specific business has requested discretionary incentives for a project pursuant to Chapter 143B of the General Statutes and if either the business decides not to expand or locate the project in the State or the project does not receive the discretionary incentives, then the only records relating to the project that may be disclosed are the requests for discretionary incentives pursuant to Chapter 143B of the General Statutes and any information submitted to the Department by the contracted entity.
 - (4) If the specific business receives a discretionary incentive for a project pursuant to Chapter 143B of the General Statutes and the State or the specific business announces a commitment to expand or locate the project in this State, all records requested for the announced project, not otherwise made confidential by law, shall be disclosed as soon as practicable and within 25 days from the date of announcement.
- (e) The application of this Chapter is subject to the provisions of Article 1 of Chapter 121 of the General Statutes, the North Carolina Archives and History Act.
- (f) Notwithstanding the provisions of subsections (a) and (a1) of this section, the inspection or copying of any public record which, because of its age or condition could be damaged during inspection or copying, may be made subject to reasonable restrictions intended to preserve the particular record.

Sample Policy Addressing Conflicts of Interest:

A conflict of interest is defined as an actual or perceived interest by a management employee or board member in an action that results in, or has the appearance of resulting in, personal, organizational or professional gain. a member of the Board of Directors/Trustees or an employee where one or the other has supervisory authority over the other or with a client who receives services. The definition of conflict of interest includes any bias or the appearance of bias in a decision-making process that would reflect a dual role played by a member of the organization or group. An example, for instance, might involve a person who is both an employee and a Board member, or a person who is an employee and who hires family members as consultants.

It is in the interest of the organization, individual Employees and Board members to strengthen trust and confidence in each other, to expedite resolution of problems, to mitigate the effect and to minimize organizational and individual stress that can be caused by a conflict of interest.

Employees are to avoid any conflict of interest, even the appearance of a conflict of interest. This organization serves the community as a whole rather than only serving a special interest group. The appearance of a conflict of interest can cause embarrassment to the organization and jeopardize the credibility of the organization. Any conflict of interest, potential conflict of interest, or the appearance of a conflict of interest is to be reported to your supervisor immediately. Employees are to maintain independence and objectivity with clients, the community, and organization. Employees are called to maintain a sense of fairness, civility, ethics, and personal integrity even if law, regulation or custom does not require them.

Employees, members of an employee's immediate family, and members of the Board are prohibited from accepting gifts, money, or gratuities from the following:

- a. Persons receiving benefits or services from the organization;
- b. Any person or organization performing or seeking to perform services under contract with the organization; and
- c. Persons who are otherwise in a position to benefit from the actions of any employee of the organization.

If the employee is acting in any official capacity, honoraria received by an employee in connection with activities relating to employment with the organization are to be paid to the organization.
