

**NORTH CAROLINA DEPARTMENT OF COMMERCE
DIVISION OF WORKFORCE SOLUTIONS**

DWS Policy Statement Number: PS 06-2018

Date: June 7, 2018

**Subject: 2018 Lower Living Standard Income Level and to Rescind DWS
Policy Statement Number 05-2018**

From:

Daniel L. Giddens
Assistant Secretary for Workforce

Purpose: To transmit the income chart identifying the higher of the "Federal Poverty Level Income Guidelines" and the "70% Lower Living Standard Income Level Guidelines" for the year and rescind DWS Policy Statement Number 05-2018.

Background: The U.S. Department of Labor published the Lower Living Standard Income Level (LLSIL) in the Federal Register on May 29, 2018.

The LLSIL is used for several purposes under the federal Workforce Innovation and Opportunity Act (WIOA) Public Law 113-128. Specifically, WIOA Section 101(36) defines the term "low income individual" for eligibility purposes, and Sections 127(b)(2)(C) and 132(b)(1)(B)(v)(IV) define "disadvantaged youth" and "disadvantaged adult" in terms of the poverty line for LLSIL for state formula allotments.

WIOA defines the term "low income individual" as one who qualifies under various criteria, including an individual who is in a family with total family income that does not exceed the higher level of the poverty line or 70 percent of the LLSIL.

North Carolina and local Workforce Development Boards use the LLSIL for determining eligibility for Youth and Adult Programs for certain services. WIOA Section 101(36) defines the LLSIL as "that income level (adjusted for regional, metropolitan, urban and rural differences, and family size) determined annually by the U.S. Secretary of Labor based on the most recent lower living family budget issued by the Secretary."

Action: The attached 2018 Income Chart is to be used to determine low-income status of applicants for WIOA services as noted in WIOA Section 101(36).

Effective Date: May 29, 2018 (Per U.S. Department of Labor)
